## **DETAILED ACTION**

## Drawings

1. The drawings were received on 12/13/2004. These drawings are not acceptable.

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the replacement drawings for Figure 1 and 4 contains crossed out reference numerals. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
